Systems For Innovation

*Higher talent density feeds
innovation, so why do so
many company cultures
drive away talent?*

Freedom and Responsibility Culture

*Reed Hastings - CEO Netflix
Netflix Culture Deck - 2009*

*“It may well be the most important
document ever to come out of the Valley.”*

Sheryl Sandberg - COO Facebook - 2013

*If you want to build a ship,
don't drum up the people
to gather wood, divide the
work, and give orders.
Instead, teach them to yearn
for the vast and endless sea.*

-Antoine De Saint-Exupery,
Author of The Little Prince

“Purposeful systems, representing the systems view of development, assumes plurality in all three dimensions: function, structure, and process.”

*Jamshid Gharajedaghi - 2011
Systems Thinking: Managing Chaos and Complexity: A
Platform for Designing Business Architecture*

With the Right People,
Instead of a
Culture of Process Adherence,

We have a Culture of
Creativity and Self-Discipline,
Freedom and Responsibility

“We can’t copy Netflix because it has all those superstar engineers, we don’t have the people”

Fortune 100 CTO after a Netflix presentation - 2013

“We hired them from you, and got out of their way...”

Adrian Cockcroft - in response

Seven Aspects of our Culture

- Values are what we Value
- High Performance
- Freedom & Responsibility
- Context, not Control
- Highly Aligned, Loosely Coupled
- Pay Top of Market
- Promotions & Development

We have one rule:

Use *good judgement*
in all situations.

We still believe this wholeheartedly, which is why all employees get [this](#) as our employee handbook!

No Vesting or Deferred Comp

- We don't want managers to "own" their people with vesting – all comp is fully vested
- We want managers to be responsible for creating a great place to work, and paying at the top of market
- Employees are free to leave us anytime, without penalty, but nearly everyone stays
- Employees stay because they are passionate about their work, and well paid, not because of a deferred compensation system

“An organization's success is the product of the interactions among the five basic processes of throughput, decision making, learning and control, membership, and conflict management.”

*Jamshid Gharajedaghi
Systems Thinking: Managing Chaos and Complexity: A
Platform for Designing Business Architecture - 2011*

This shift from personal leadership to constitutionally derived power is essential to Holacracy's new paradigm.

Changing World*

Summary of Freedom & Responsibility:

As We Grow, Minimize Rules

Inhibit Chaos with Ever More
High Performance People

Flexibility is More Important
than Efficiency in the Long Term

“You built it, you run it.”

*Werner Vogels - Amazon CTO
ACM Queue Volume 4, Issue 4 - 2006*

“The basic thesis of this article is that organizations which design systems (in the broad sense used here) are constrained to produce designs which are copies of the communication structures of these organizations.”

*Melvin E. Conway - Conway's Law
How Do Committees Invent? - 1968*

“...a goal is a specific objective that you either achieve or don’t sometime in the future.

A system is something you do on a regular basis that increases your odds of happiness in the long run.”

*Scott Adams - Creator of Dilbert
How to Fail at Almost Everything and Still Win Big:
Kind of the Story of My Life - 2013*

“We see the world as increasingly more complex and chaotic because we use inadequate concepts to explain it. When we understand something, we no longer see it as chaotic or complex.”

*Jamshid Gharajedaghi - 2011
